

THE

For 2016, DIANE introduces the Resort Line, an exclusive “after beach” collection designed to capture the warmth and freedom of being on holiday.

Made in Europe, The collection uses premium hand selected fabrics from Paris including silks, guipures, soft cottons and jerseys to create unique pieces that can be worn over a bikini at the beach, on a yacht, at a summer party or lunch at a trendy restaurant by the sea.

This look book includes a select preview of the available designs and does not represent the whole collection.
